Powell Loses to Montgomery

Floyd Wills last week purchased a nice home of 87 acres three miles from Mt. Sterling on the Owingsville pike of W. H. Thomas for a total price of \$23,315.00. This land has a splendid residence of eleven rooms on it together with improved lighting system. Has fine young orchard just coming into bearing. The place is well watered and all set in Bluegrass which will produce in a few weeks an excellent crop of seed. This farm is one-half of a tract of land that sold altogether in 1920 for \$72,000.00. Mr. Wills gets immediate possession and is moving to his new home this week.

We sincerely regret to lose Mr. Wills and family from our county, but are glad to learn that they will be so conveniently situated near such a good town as Mt. Sterling.

To Investigate our Shale

Dr. Victor Clifton Alderson, President Colorado School of Mines, Golden, Colo., together with W. E. Freeman, Acting Dean of Engineering; C. S. Crouse, Professor of Metallurgy; B. Barnett, Asst. Professor of Electrical Engineering, all of the University of Kentucky, came here Monday and examined the shale of the Devon company. They pronounced it of the highest quality. Dr. Alderson said the shale of our county was very valuable and most certainly would soon be developed.

Mrs. Celia Pherson, widow of John McPherson, who died several years ago, passed away Thursday from heart trouble, aged 75 years. Burial Saturday at Stanton. Mrs. McPherson made her home with the family of John McRoberts. Mrs. McPherson never had any children and therefore leaves no family.

Decoration Day

Next Tuesday, May 30th, is Decoration Day, an annual event of universal observation. Many country graveyards are cleaned specially each year for this event which makes the day of special importance.

Dies in Bourbon

S. R. Finney, a brother-in-law to A. P. Johnson, died very suddenly at his home near Paris last week. Mr. Finney was 65 years old.

It continues wet and farmers are behind with their corn planting.

Death Comes to R. P. Brodhead

R. P. Brodhead, of the Brodhead-Garrett Co., this city, died last week at his home in Wilkes-Barre, Pa., after a ten months illness. Mr. Brodhead had frequently been in Clay City and was very popular with the office force here. He was a Christian gentleman, and was soon to retire from business and devote his time to the Master's cause. He was a member of the Presbyterian church.

The Profit Oil Company

James Profit and associates have organized and incorporated under the laws of Kentucky the Profit Oil Company. The company has acquired several leases in proven territory near Pilot, and will begin drilling at an early date. The directors of this company are experienced business men and practical oil operators. The success of the company is an assured fact with the valuable leases they hold.

New Enterprise

Wireman Bros. at Clay City Garage are building complete new auto batteries that are the equal of the best in the country, and at no greater price. They also rebuild old batteries at small cost and make them work like new ones at a great saving to auto owners.

Hugh Bush Sells Farm

Hugh Bush sold last week to Mrs. Lena Combs, of Lee county, thirty acres of land adjoining Wm. Barrett, formerly owned by A. C. Barnes, J. R. Stepp and others, for \$1,200 cash. Mrs. Combs is a daughter of Mr. Barrett but will not move to the place for some time.

Sale a Success

The Chapman sale was more of a success than Mr. Chapman had hoped for. He just had the goods and the price, and then he advertised these facts in The Times. This combination will win every time.

Trial Set for Friday

The examining trial of Jesse Swango for the killing of Wayne Bowen, first set for Tuesday, has been put off until Friday, tomorrow. Swango has been brought from Winchester back to Stanton.

Injured by Fall

This Car was Advertised in Times

Mrs. T. G. White sold to Tuck Bush one 1917 Ford touring car for \$200.

New Farmers' Bank

Announcement is made of the organization in Louisville of that city's first Joint Stock Land Bank, by the group of prominent financiers who own control of the Citizens Union National Bank, the Fidelity & Columbia Trust Company and the Fourth Street Bank.

This institution will be of the greatest importance to farmers of Kentucky and Indiana, giving to them facilities for financing their farms and farming operations which have not heretofore existed.

The bank will have a capitalization of \$250,000, which capital will provide for loans to farmers aggregating \$4,000,000 through the sale of Joint Stock Farm Loan Bonds, such bonds to be issued under the supervision of the Federal Government and to be tax exempt. The loan to any one farmer can be as much as \$35,000. Mr. Walter Howell, who has been President of the Federal Land Bank for District No. 4, Tennessee, Kentucky, Indiana and Ohio, with headquarters in Louisville, has accepted the position of Chief Executive of the Louisville Joint Stock Land Bank and is now in Washington completing arrangements for the immediate opening of the new institution.

It is understood that applications for loans are already being made by farmers direct to the Louisville Joint Stock Land Bank.

The Gravel Road

A gravel road up to five years ago was regarded as little better than an earth road. The gravel road in this county is better than any hard stone turnpike at any time and 100 per cent better two thirds of the time at one-fourth the cost any time.

More than one-third of the federal aid projects completed and under agreement 1916 to 1921 were of gravel construction.

Auto Dividends, Where?

The railroads of the country are always crying for dividends and are given any kind of concessions for tax or rates necessary to enable them to earn dividends. But how is it with the automobile? Statistics show that there is more money invested in automobiles than in railroads. By the way, where is the dividends for the auto owners? The railroads are provided theirs by law.

Before Tax Commission

County Judge H. T. Derickson and County Attorney A. T. Stewart appeared before the Tax Commission Friday and tried to persuade that body that our assessment is now quite enough. We hope they succeeded.

Good Bank Statement

The Clay City National Bank presents its customer with another one of their splendid financial reports in this issue of The Times, answering the Comptroller's call for May 5th. Read it and see why it is a safe place to keep your money.

Ford Sales Hit New High Mark

According to a report just received from the Ford Motor Company, Detroit, a daily average of 5,210 retail sales of Ford cars and trucks had been reached by the close of April in the United States alone.

Ford sales of cars and trucks for the month, including both domestic and foreign, totaled 127,249. This establishes a new high record, exceeding the largest previous month, June 1921, by 15,467.

The sale of Fordson tractors has also been steadily climbing. A total of 11,181 Fordsons were sold during April in the United States, a daily average of 469 having been reached by the end of the month. This gives the tractor a new high sales record, and shows 100% increase over the best month in 1921.

The Ford Motor Company is enjoying a banner year in all departments. Output of Ford cars and trucks for the year, according to present estimates, will exceed 1,100,000, which represents a ten per cent increase over 1921.

The Ford factory at Detroit is now operating at full capacity, having a force of more than 40,000 men on the payroll. The scheduled output for May will probably reach 135,000 cars and trucks, which will be applied against orders approximating 165,000.

Despite the attempt of the factory and the twenty-three assembling plants in the United States to produce a sufficient number of cars to meet the unusually heavy demand, it has been impossible for Ford dealers in most cases to make immediate deliveries.

Dates Confused

In the Sheriff's Execution Sale of land advertised in The Times last week, the date was not correct. The sale will take place at Stanton court house on Monday, June 5th.

A HOME-MADE PAPER.

THURSDAY, MAY 25, 1922

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A new law becomes effective June 15 permitting the presence in grand jury rooms of stenographers, who may take down the testimony of witnesses who appear in seeking an indictment or in conducting an investigation. Transcript of this testimony are to be available to the commonwealth's attorney to be used in the prosecution when an indictment is returned. The purpose of this act is to prevent persons who testify before the grand jury from changing their statements when they come into open court. Heretofore only members of the grand jury, witnesses and representatives of the commonwealth have been permitted to attend grand jury hearings.

Postmaster General Works wants to raise the parcels post rates. He wants to add a service rate of one or two cents on each parcel regardless of whether or not the parcel be large or small. The Times is against any raise for it does not think it justifiable. The raise will revert more business and more profit to the express companies and it is therefore to their interest and against the interest of the people. This probably explains why the raise is wanted by the Postmaster General.

Just forty years ago there was introduced into some of the schools close to Clay City the calisthenics - athletic exercises which was very popular for a time. These same exercises have recently been introduced into the State University at Lexington. Save the exception that we did not need any guns to practice with, we were peaceable and used guns only to squirrel hunt with in the summer time.

The Stanton Bottling Works is up with the season, supplying the trade with the best of all soft drinks. Call for their product when you take a drink of pop. It is your duty to help home business when they put up a good product as does the Stanton Bottling Works.

The natural, refreshing sleep of a healthy body is enjoyed by those who take Tanlac. C. Shimmfessel.

Let Mrs. Graves Tell You Her Poultry Raising Experience.

"Three years ago bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by J. F. Smith & Co., and C. Shimmfessel.

SLADE.

J. A. Bowen went to Winchester on business last Thursday.

Mrs. Fred Scott, of Norco, visited Mrs. Minnie Faulkner Tuesday.

Mrs. Babe Dehart, of Stanton, is visiting the family of J. A. Bowen.

Mrs. Martin Ford was in Lexington Thursday to consult Dr. Goodrich.

Mrs. Susan Ewen and Miss Ula Adams are visiting in Fayette county.

Austin W. Faulkner, of Hazard, visited home folks here Friday and Saturday.

Howard Brewer and wife visited relatives and attended church at Torrent Sunday.

Mrs. Floyd Sparks, of Barker, visited the family of her brother, Wm. Powell, Saturday and Sunday.

Jesse Townsend and wife, Mrs. Fred Scott and Miss Mattie McNabb attended church at Torrent Sunday.

Tipton Oldfield and wife, of Cincinnati, Mrs. Bruce Trimble, of Menefee county, Cash Bowen and wife, of Whitesburg, and Green Bowen, of Middletown, O. were called here to attend the funeral of Wayne Bowen. All have returned.

There was a gloom cast over the entire neighborhood last Monday when news was received that Wayne Bowen had been killed at Stanton by Jesse Swango. Wayne was born and raised at Slade, and lived here until seven years ago. He was a quiet, industrious boy and never in trouble with any one. His death was a shock to his many friends here.

Wayne M. Bowen was born at Slade in 1897, and was 25 years, 11 days old at his death. United with the Christian church at 15 years, and baptized by

Rev. D. H. Matherly. Was married to Miss Una Crowe of Rosslyn in 1915 and is survived by her, three children, a father and mother, three sisters and three brothers. All were present at the funeral besides a host of friends and relatives.

It is sad indeed to think of the broken hearts this one rash act has made, and we point them to God who is our burden bearer and who will right all wrongs. Both families have the sympathy of the people as a whole, and may He guide them in all they do and say.

"We Picked up seven large Dead Rats first Morning using Rat-Snap."

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. In Loving Remembrance of my Dear Mother,
HENRIETTA ANDERSON,
who passed away February 7th, 1922,
Three sad months ago.

But today recalls sad memories
Of our beloved one gone to rest
And those who think of her today
Are those who loved her best.
The flowers we place upon her grave
Flay wither and decay.
But the love we have for her
Will never fade away.

We miss you in the morning dear
When all the world is new,
We know the day can bring no cheer
Because it brings not you.

We miss your tender loving smile
Which brought us gladness all the while
The world has lots of joys, 'tis true
But there was only one of you.

Your memory is as sweet today
As the day you passed away.
A loving mother true and kind,
No friend on earth like her I'll find.

For all of us she did the best,
May God grant her eternal rest.
In our heart there comes a longing,
If mother only could come home.

Ofttimes our hearts do wander
To that grave so far away
Where we laid my dear mother
Just three sad months ago.

I listen, wait and listen
For a voice that never calls,
For steps along the hallway,
But the foot steps never fall.

But the comfort I have always
Although I may be late
I know she'll not forget me
But be waiting at the gate.

Three months ago we sat by your bed,
Listen and listen to all that you said
Those sad days and long weary nights;
The saddest of all was when Death won the fight.

We watched you leaving us hour by hour,
We tried to do all that was in our power,
But softly into Heaven you faded
Like a star when morn appears.

As I stood in silence near you
Gazing at you through my tears,
No eyes can see me weep,
But many silent tears I shed
While others are asleep.

Oft I think of you, dear mother,
And my heart is sad with pain;
Oh, this world would be a heaven
Could I hear your voice again.

—Sadly missed by her daughter, Mrs. Mattie Moore, and family.

BE PREPARED

For three generations mothers have successfully used Foley's Honey and Tar as a safe remedy for the relief of cold, cough, croup and whooping cough. It is pure, wholesome, and children like it. Contains no opiates. It is good for croup and whooping cough—the two terrors of childhood.

Mrs. W. H. Thornton, Little Rock, Ark., writes this: "My little boy had a severe attack of croup, but two doses of Foley's Honey and Tar relieved him, and he went back to sleep and was troubled no more. I would not be without it at any price."

Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 20,000 miles.

Look at the tread—scientifically angled against skid, massive

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.
